Thank you for choosing GVH for your pet's veterinary care. Our practice will offer you and your pet state of the art medical and surgical care, assist you in maintaining your pet's wellness, and provide a variety of ancillary services to you and your pet.

Of course, the services that we provide do come with an associated cost. We hope that financial considerations will not be an obstacle to offering the best level of care to your non-human family member. We are always available to answer your questions and to assist you in any way that we can. The information in this form is to further communicate to you the variety of payment options we offer to ensure that the cost of care is not a barrier to the quality of care.

For you and your pet's benefit:

- We believe that you, our client, would like to know and understand our financial guidelines in advance of your pets' treatment.
- We believe in the value of clear communication as well as mutual understanding and respect.
- We suggest that you purchase pet insurance for all eligible or insurable pets.
- A Diagnostic/Treatment Plan (or estimate) may be provided prior to providing services and will always be provided to you upon request.
- We are happy to discuss the Diagnostic/Treatment Plan and our practice guidelines with you at anytime.
- For pets who are hospitalized, we will request a deposit of at least 50% of the Diagnostic/Treatment Plan at the time of admission.
- We will update you daily on both your pet's clinical condition and the status of your account.
- We require payment in full at the time services are rendered or, if hospitalized, at the time of discharge/pick up.
- We accept the following forms of payment:
  - Cash
  - VISA
  - MasterCard
  - Discover
  - Care Credit (ask us for more information if you have not heard of Care Credit)

**To be able to offer the level of care and service that we do, GoldenView Veterinary Hospital cannot deviate from these outlined policies.**
